NOTICE

A notice of intent for the following project submitted in accordance with §R307-401-1, Utah Administrative Code (UAC), has been received for consideration by the Executive Secretary, Utah Air Quality Board:

Geneva Rock Products

Location: 2830 South Bauer Road, Stockton, UT 84071

Project Description: Geneva Rock Products submitted a Notice of Intent for the operation of permanent aggregate processing and concrete batching plants at the Bauer Pit located at 2830 South Bauer Road, Stockton, Utah. Best Available Control Technology will be required for this operation, which will consist of wet suppression methods (water sprays and water trucks) to control fugitive PM₁₀ emission and a baghouse and bin vent devices to control PM₁₀ emissions from concrete plant operations.

The proposed emissions, in tons per year, will be as follows: PM₁₀ (+) 5.91, NO_x (+) 15.11, SO₂ (+) 1.40, CO (+) 3.98, and VOC (+) 1.60.

The completed engineering evaluation and air quality impact analysis showed that the proposed project meets the requirements of federal air quality regulations and the State air quality rules. The Executive Secretary intends to issue an Approval Order pending a 30-day public comment period. The project proposal, estimate of the effect on local air quality and draft Approval Order are available for public inspection and comment at the Utah Division of Air Quality, 150 North 1950 West, Salt Lake City, UT84114-4820. Written Comments received by the Division at this same address on or before December 23, 2004, will be considered in making the final decision on the approval/disapproval of the proposed approval order. Email comments will also be accepted at jlblack@utah.gov. If anyone so requests to the Executive Secretary at the Division in writing within 15 days of publication of this notice, a hearing will be held in accordance with R307-401-4, UAC.

Date of Notice: November 23, 2004
